Microsoft Introduces Windows 11

Microsoft has announced that [Windows 11](#) is coming soon. SFREP developers have completed testing to ensure that Appraise-It and Appraise-It Pro are ready for Windows 11 when our customers are ready to upgrade.

Most Windows 10 PCs currently being sold will be able to upgrade to Windows 11. The PC must meet the minimum hardware [specifications](#). Specific hardware is required for some features. PCs with Windows 11 pre-installed will be available later this year.

Microsoft's phased rollout is scheduled to begin on October 5th. Be sure to check out the [highlights](#) of Windows 11. We will keep you updated as we have new information.
