

New Platinum Package Offers So Much More

Take a moment and check out the new [Platinum Package](#) on our price list. If you have considered adding CompLink, Market Analysis Service, Inspect-a-Lot, or additional flood maps to your subscription, you may find the new option of interest.

Products that have been added to the Platinum Package include:

CompLink - Quickly and easily bring in data from your local MLS and either add it to your Comp Manager database for later use or instantly add it to your appraisal report.

Market Analysis - Integrate your local MLS data smoothly into your appraisal by filling in the 1004MC data grid and enhancing your report with detailed analysis, graphical charts, and comment addenda.

Inspect-a-Lot - This mobile iPad app gives you the tools to take notes, sketch, and get photos in the field. When you are done, wirelessly transfer everything into your Appraise-it Pro report.

Flood Maps - Upgrading to the Platinum Package adds 400 flood maps to your account.

The all-new Platinum Package has it all. And at \$99 per month, it is a great deal. Call your SFREP sales representative at 800-523-0872 for complete details.
